

Account Security and Authentication Guidelines

Document Reference: SEC-2026-v1

1. Password Reset Procedure:

According to the "Account Security" document, you can reset your password by clicking the "Forgot Password" link on the login page.

2. Two-Factor Authentication (2FA):

Two-factor authentication adds an extra layer of protection. When enabled, a 6-digit one-time verification code is sent to your registered mobile phone or email address.

3. Account Lockout Policy:

After 5 consecutive failed login attempts, your account will be temporarily locked for 15 minutes to prevent unauthorized access.

4. Session Expiration:

All active user sessions automatically expire after 24 hours of inactivity. Users must re-authenticate with

5. API Token Security:

API access tokens are cryptographically signed using HS256 JWT tokens. Never commit API secret ke
